

Features & Benefits

- Lightweight, aluminum-based system
- Scalable - 10x10, 10x20 and 20x20 configurations
- All configurations are available for rental as well as purchase
- Customizable with counters, graphics and lighting

Linear components contrasted by curved canopies combine to create a visually striking yet functional exhibit. Group demos are perfectly suited to the large work surfaces and multiple monitor setups. The central tower provides great branding opportunities as well as ample storage and work surfaces.
